Projects

Habit Tracker

Swift | CloudKit | Local Notifications | JTAppleCalendar

- Worked as one of two total developers on the one-week project.
- Created beautiful design and simple userflow.
- Prioritized user-valued features in order to use time in the most efficient way.

Community Calendar

Swift | Auth0 | GraphQL | CoreData | Notification Design Pattern

- Developed on a remote, cross-functional team of 12 over eight weeks.
- Functioned as one of two iOS developers on a team composed of two Front End, three Back End, and three Android developers, as well as two UX Designers.

Experience

dōTERRA

Customer Service Representative, Orem, UT | June 2018 – October 2018

- Assisted customers with product orders, account problems, and general questions.
- Expanded communication skills with fellow employees as well as customers.
- Handled sensitive information (credit card info, SSN) with care and responsibility.
- Sustained and organized a tidy work space.

Shailys

Finance Assistant, Springville, UT | June 2014 – August 2014

- Organized documents and files for the CFO.
- Developed new filing and organizational skills and practices.
- Worked in a fast-paced environment

Education

Lambda School

Student, Online | August 2019 – April 2020

- Completed a 40-week iOS development training program.
- Engage python, algorithms, data structures, graphs, C, and other operating systems.
- Created many iOS projects in Swift and Objective-C.
- Gained strong problem-solving mindset.

Accomplishments

- Eagle Scout – Earned Eagle in 2017 and learned leadership and hardworking skills.
- Service Oriented - Participated in local youth council, taking part in service activities.
- Leader - Editor and Chief of year book senior year at Shanghai American School. Learned team leading skills and gained a strong attention to detail.
- Communicator - Lived in China a total of 4 years, attended an international school and was introduced to a vastly diverse set of cultures, ideas, and experiences.
